French GCSE general revision site with revision advice.

### French and Spanish google classroom :

- No code is required as all students have been invited.
- All key vocabulary can be found there
- Powerpoints of key grammar points

### French and Spanish Revision Strategy 1:

Little but often!!!

Students should either take their books home or take a picture once a week in order to read through all new vocabulary learnt that week.

### French and Spanish Revision Strategy 2:

Have a miniwhite board:

This is a great tool to practise key vocabulary and to do some translation. Someone at home could have a list of the vocabulary of the past few lessons and write a sentence in English. The task would then be to translate it to the target language( French or Spanish) or the other way round.

### French and Spanish Strategy 3:

Use BBC bitesize to download and practise listening skills. This is the skill that students seem to find the most difficult therefore listening to audio clips regularly. You can also view many videos in the target language on this website.

Finally watching French and Spanish films is a good and easy way to learn about the culture and once again to hear and get used to the language.
