World Book Day

Thursday 7th March saw World Book Day take over our English department. Students took part in Literacy activities throughout the day.

WORLD
**BOOK
DAY**

7 MARCH 2019

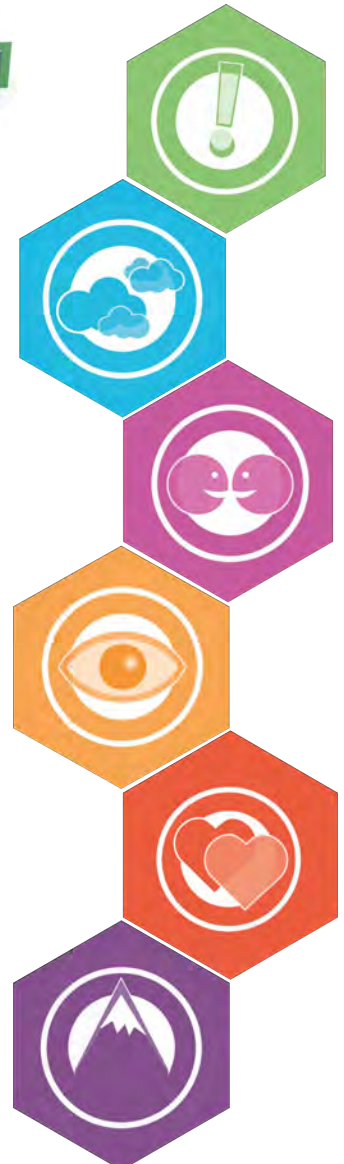

Master Class: Dorothy Byrne

Dorothy Byrne, Head of news and current affairs at Channel 4 Television, popped in to meet our Year 12 students on Friday 15th March.

She spoke about her road map to success and answered lots of questions about how to get into the media industry.

Charlotte from Year 12 said "it was so nice of Dorothy to take time out of her busy schedule to come and speak with us, she was so inspiring".

International Womens Day

We took 25 girls to 'Thoughtworks' a multinational company based in Manchester City Centre, to take part in technology workshops. The aim of the day was to inspire the female students from UTC to think of working within the technology industries and to show them that as a woman you can succeed in this career path.

There were several female guest speakers who spoke to the girls about their love for working within the media technology industry and how as a woman there are great opportunities out there.

Skills North West

We spent two days promoting our College at Skills North West at Event City on 20th – 21st March.

We spoke to over 8,000 young people across from different schools across Manchester.

Jude Evetts Marketing Manager at UTC said – "It's always great to get out to talk to people about what we do, our stall was so busy with students having a go at our creative stall. We've had a lot of interest in our next Open Day on Sunday 7th July".

Year 10 Work Experience

Our Year 10 students will be going out on Work Experience on 1st – 5th July 201 .
Our Careers advisor Lynne Loughnan gave our students some top tips about the importance of work experience and how to find a work placement.

What is Work Experience & why should I do it

A work placement is your opportunity to spend a period of time outside the classroom, learning about a particular job or area of work.

Work experience can help you decide on your options for after year 11 and beyond.

You will also get the chance to develop and show evidence of vital skills such as self confidence, communication, independence and a variety of others, depending on what kind of placement you have

What types of Work Experience can I do

Most of you will be expected to find your own placements.

Think: what do you want to do

If you start looking in plenty of time you will be able to find a suitable placement.

What are your favourite subjects Ask for help making a list of related jobs.

English: Newspapers, Libraries, Press Officer, Teacher, Solicitors, Advertising, TV & Film, Radio

Maths: Banking, Accountancy & Finance, Engineering, Meteorology

Geography: Environmental services, Development organisations, Charities, Politics

How do I find a placement

Family is often a good source for finding placements think, what do your parents guardians do

How about your brothers & sisters, or your aunts & uncles

Do you already know anywhere you may like to work

e.g. A shop that you like, or an organisation

you pass on the way to school

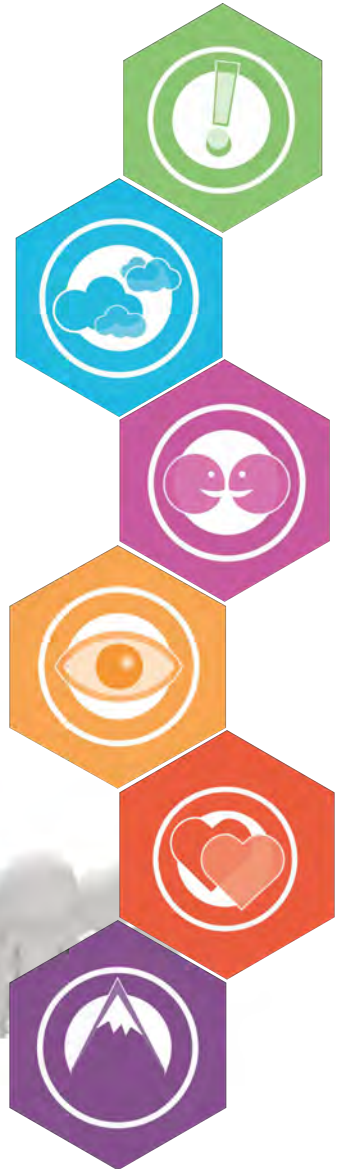

All students were given a pack of information to help them with this process.

Once students have found a placement they must complete the self placement

form in their pack and hand it back into College to either Lynne Loughnan, Jude Evetts or James Moores. We have also arranged a parents meeting to inform parents of the process and offer support.

In the meantime if you have any questions related to your child's work experience, please contact Lynne on 01 1 13 47

If you or your employer can offer work experience to one of our Year 10 students please contact Lynne.

Work. Experience

Can you offer a work placement?

Monday 1st July -
Friday 5th July

Our students are dedicated to reaching their full potential and therefore realise the value of work experience in a competitive job market. We are looking for employers who would be willing to give them the opportunity to shine in the work place!

If you could help us place one of our students please do get in touch.

Year 12 Taster Day

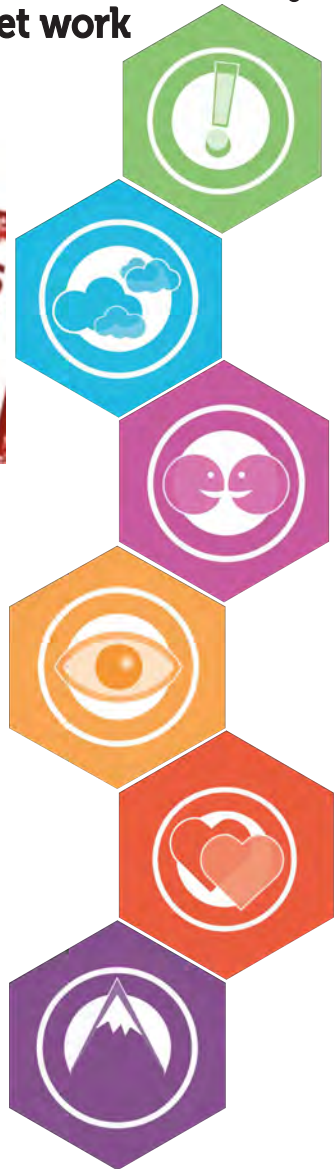

We invited all of our new Year 12s, who are starting with us in September, to a fun taster day. The event took place on Saturday 23rd March.

Alex Kelly (TV & Film teacher) said "It was great to meet our new starters to give them a taste of our creative subjects".

Apprenticeship Fair

We hosted an apprenticeship fair at College for all of our students and parents. We had a number of outside agencies that came in to inform our students of local opportunities and gave them great advice and guidance on how to apply. Jordan from Year 12 said "this event was great, I got some great advice. I definitely want to get an apprenticeship when I leave college next year to get work experience whilst still receiving a qualification in Digital Media".

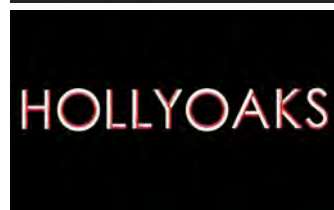

Lime Pictures

Our students met with Lime Pictures this week to tell them about their ideas for their live project brief.

They were really impressed with the quality of work from our students.

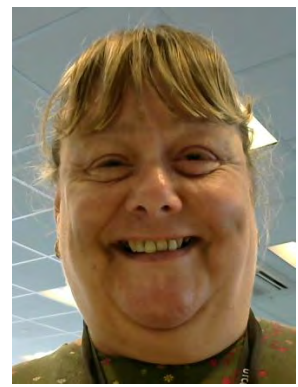

Year 13 students will be filming 3 days over the summer at Hollyoaks in Liverpool to complete this piece of work, students will be using their skills that they have learnt in their TV& Film classes at UTC to create content for their website.
